

**Industrial silencing systems
don't last forever ...**

... how old are yours?

Urban encroachment, wear and tear, and changing regulations and attitudes can quickly outdate equipment. Keep pace with ATCO Noise Management and Higgott-Kane, a division of ATCO Noise Management.

Is your company:

- ✓ Upgrading or adding equipment?
- ✓ No longer in compliance with environmental regulations?
- ✓ Concerned about your worker noise environment?
- ✓ Dealing with noise complaints?
- ✓ Experiencing failures with silencers, stacks or buildings?

Then it's time to trust your retrofit needs to the turnkey providers at ATCO/Higgott-Kane. We offer top quality:

Services

- sound measurements
- problem analysis
- design and engineering
- manufacture
- installation

Products

- turbine inlet & exhaust silencers
- lined ducts and stacks
- vent silencers
- enclosures and buildings
- noise barriers

Proven performance. **GUARANTEED.**

*See what the future can hold.
